The SHR Quarterly

WELCOME TO THE FIRST EDITION OF "THE SHR QUARTERLY"!

We're very excited to bring you our new quarterly newsletter. DMA's State Human Resources Office (SHR) is located at TAGO Headquarters in Madison, Wisconsin. You may not know all of the individuals who are here to assist and serve you – both state and federal employees – and we want to work on that!

SHR serves all state employees in the following program areas: payroll, benefits, health and safety, recruitment, retention, compensation, classification, performance appraisal, training, labor/management relations, worker's compensation, organizational design, affirmative action/equal employment opportunity, and pretty much all aspects of your state career from the time you start state

service until the time you leave. Your SHR staff members are indicated below.

Each SHR member is specialized in their field of expertise to better assist you during your employment with the state. We will elaborate on who does what in future issues of The SHR Quarterly. We are also readily available to assist federal supervisors of state employees with any questions and/or concerns that may arise.

We welcome any article suggestions you would like considered for the newsletter. Please contact us at SHRFeedback@dma.state.wi.us with any news items you would like to see. Our goal is to keep you informed and provide education about areas of interest to you.

SHR GETS NEW STAFF MEMBER

Fortunately, Stacie Meyer has been hired in Dawn's position and starts working for us on October 2.

Stacie comes to us from the Office of State Employment Relations and brings tremendous expertise in recruitment and staffing, as well as other HR programs. Stacie's initial focus will be on strengthening DMA's training program for staff and supervisors as well as recruitment activities.

Please stop in to say 'hi' and introduce yourself!

NEW EMERGENCY CONTACT INFORMATION FORM

SHR has created a new form entitled "Employee Emergency Information" (DMA Form 63-E) for your use. This form provides important emergency information such as who to contact, physician's name, hospital preference, allergies, medications and special health considerations. This information will be kept **strictly confidential** by your supervisor and in your personnel file. The information would only be accessed in an emergency situation.

If you have not already seen and completed this new form, ask your supervisor or contact Sarah or Julie in SHR for a copy of the form.

WORKER'S COMPENSATION REPORTING

Supervisors and employees have been doing a great job of promptly reporting work-related injuries, illnesses and incidents. Keep up the good work! But as a reminder to supervisors and employees who may not have experience in this area, timely reporting of any injuries, illnesses or incidents is extremely important to avoid paying costly fines and to be proactive in eliminating potential hazards. All such injuries, illnesses and incidents should be reported to Julie White, Risk Manager, SHR, by calling 608-242-3157 and faxing the appropriate forms to 608-242-3168 within 24 hours. If you need additional information about worker's compensation, please contact Julie.

MILITARY LEAVE BENEFITS EXTENDED

Implementation of a recent Governor's Executive Order extends for two additional years the eligibility for state employees serving on active duty to continue to receive differential pay and benefits. This extension applies to both represented and non-represented state employees and allows employees to receive pay and benefits provided for a period of up to four years for military service beginning on or after January 1, 2003.

FMLA - THE FAMILY AND MEDICAL LEAVE ACT

If you've never seen or heard of FMLA, here is the gist: FMLA allows employees who have a legitimate need to care for their own serious medical need or the needs of an immediate family member up to 12 weeks off from work and protects their work status during that time. FMLA is covered by two laws – state and federal – and gets quite involved, but as an employer, DMA has an obligation to our employees to ensure that we follow these laws. Once made aware, SHR will require employees to complete an FMLA request and a physician certification form. Employees may choose to use paid or unpaid leave for FMLA purposes. If you or one of your employees finds themselves in a potential FMLA situation contact Julie for assistance.
